

JOHN R. OISHEI
Children's
Hospital

★ \$1 DRESS DOWN DAY! ★
FRI, DEC 11TH

*To benefit our Middle
School service project:*

**HOLIDAY TOY DRIVE FOR THE
KIDS AT OISHEI HOSPITAL**

You can help by bringing in \$1/student or
a new unwrapped toy from your family!

*Let's share some holiday cheer this
Christmas with those who need it the most.*

St. John the Baptist School

Reverse Advent Calendar

Reverse Advent Calendars are a great way to encourage giving during the Advent Season.

We are asking our school families to put items in a bag each week during Advent. Once the bag is full we are asking that they are returned to the school on or before **Friday December 18th.**

Week 1 (Nov. 29th—Dec. 5th) - Grain Items(Cereal, pasta, rice)

Week 2 ((Dec.6th—Dec. 12th) - Canned Food

Week 3 (Dec. 13th—Dec. 18th) - Snack Items (cookies, granola bars, etc.)

All bags will be donated to our local Food Pantry. Our goal is to fill 50 bags!

Thank you for your generosity and giving during the Advent Season.

SANTA'S SECRET SHOP IS COMING!

The Shop will be held in the St John's Gym on **WEDNESDAY DECEMBER 16TH AND THURSDAY DECEMBER 17TH** during regular school hours. Each class will have a scheduled time to shop during the day. There are a wide variety of gifts available with something for EVERYONE! The price range, on average, is \$0.50 to \$6.00 and many choices are available at each price. Parent volunteers will be available to help the children shop. All gifts will come home wrapped and ready for giving.

The week of the shop, a money envelope and gift tags will be sent home with each student. Please indicate on the envelope who the child will be buying for and a budget amount. The amount can be per person or a total for all gifts. There is also an "age" column, please use this to indicate the age of siblings and such or to indicate if it is a family pet. This is especially helpful to the volunteers helping our little shoppers. Also, please help your child fill out the gift tags prior to shopping. This helps our volunteer wrappers.

Secret Santa Shopping day is one of our most favorite days of the year! Watching the children select gifts for their family and friends is heartwarming. They take much so pride and joy in their selections and you can see the excitement radiating from them.

COVID-19: Quarantine vs. Isolation

QUARANTINE keeps someone who was in close contact with someone who has COVID-19 away from others.

If you had close contact with a person who has COVID-19

- Stay home until 14 days after your last contact.

- Check your temperature twice a day and watch for symptoms of COVID-19.

- If possible, stay away from people who are at higher-risk for getting very sick from COVID-19.

ISOLATION keeps someone who is sick or tested positive for COVID-19 without symptoms away from others, even in their own home.

If you are sick and think or know you have COVID-19

- Stay home until after
 - At least 10 days since symptoms first appeared **and**
 - At least 24 hours with no fever without fever-reducing medication **and**
 - Symptoms have improved

If you tested positive for COVID-19 but do not have symptoms

- Stay home until after
 - 10 days have passed since your positive test

If you live with others, stay in a specific “sick room” or area and away from other people or animals, including pets. Use a separate bathroom, if available.
