Dear St. John the Baptist School Families,

Whether you are a returning family or whether you are new to Catholic Education, I want to thank you for choosing St. John the Baptist School. In this ever changing world, I believe there is this constant- the importance of our faith and the education of our children. Children need the opportunity to grow academically and spiritually so they can become well-rounded individuals.

St. John the Baptist School is deeply rooted in the Catholic faith and our belief in God is the heart of all we do. We are a faith filled community and as such we treat each other with love, respect, kindness, and consideration. We strive to live our Catholic faith and values throughout each day. Instruction in our faith, participation in the liturgy, and daily prayer helps to deepen our faith and continue to walk in the way of the Lord.

St. John the Baptist School is committed to the education of all students. We believe in the importance of guiding and preparing our children for their future. High academic standards combined with a supporting and nurturing environment help to ensure that our students are able to find academic success. Our staff utilized best teaching practices, and participates in regular professional development. Our students are not only being instructed using the most effective instructional techniques, but are also becoming fluent in the integration of technology and its practical application in education. We strive to create 21st Century learners that will be able to actively engage in an ever changing technological world, and will be able to navigate that world.

I hope that you will find this handbook helpful and that it will answer any of the questions you may have throughout the school year. If a question or concern should arise, please don't hesitate to contact me directly.

Many Blessings,

Mrs. Jonna M. Johnson, Principal

Mission Statement: St. John the Baptist Catholic School, guided by the principles of Christianity and the teachings of Jesus Christ, provides high quality academic education within the context of a faith-based environment, allowing each student the opportunity to reach his/her fullest potential academically, morally, socially and spiritually.

Education Philosophy: St. John's School is committed to the education of all our students. The children of today are our future, and we, as parents and educators, need to guide and prepare our children to be the adults of tomorrow. High academic standards, a hallmark of Catholic education, mean that our students are challenged intellectually. We expect our students to work to their personal best and strive for excellence in all they do. We encourage them to become aware of their responsibility as citizens and protectors of our environment. Together, we share the responsibility of passing on the rich heritage of our Catholic faith and providing the educational excellence each child deserves.

Outlined in this handbook are the guidelines and procedures that govern the school. The topics are listed in alphabetical order to assist you in finding information quickly and easily.

Absence:

Please call the school office by 8:30 a.m. when your child is absent or will be tardy. Parents please send in a written excuse to the teacher within 3 days of the absence. Include the student's name, date(s) of absence, and reason (vague reasons such as just "illness" are **not sufficient**). If an excuse is not received after this time period, an illegal absence is recorded on the student's record. If a child is absent for **more than three days**, parents can request to have homework sent down to the office for parents to pick up. For absences less than 3 days students may collect assignments upon their return to school. **Students who miss 20 days of school, and have not met periodically with the principal, are in jeopardy of retention.**

Students must be fever free or have not vomited for 24 hours prior to returning to school. If a student is sent home due to fever or vomiting that student should not return to school the next day to allow for the overall safety of the school community.

Tardiness: A student who arrives in the homeroom after 8:10 a.m. is tardy and the parent must sign the student in at the office. Tardy due to weather related reasons are excused. **Five unexcused tardies will constitute the loss of the student's perfect attendance award.**

Legal Absence: Student attendance and tardiness are recorded on the student's permanent record card. The following circumstances are recognized legal excuses for school absences: personal illness, sickness or death in the family, approved school visit, court, quarantine, religious holiday or attendance at a health clinic. All other absences are unexcused.

Doctor, dentist, orthodontist appointments: Please make every effort to schedule these appointments outside of school hours. If an appointment occurs during school hours, a student brings a note to school in the morning stating the time and date of the appointment. Parents/Guardians must report to the office to pick up the student and sign the student out upon departure or sign the student in upon a late arrival due to an appointment.

Asbestos:

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970's contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis. In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify asbestos containing building materials. Suspected asbestos containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. St. John the Baptist School has conducted re-inspections to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM.

At the last re-inspection, all materials listed in the Management Plans as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be generally in good overall condition. The law further requires asbestos management plans to be in place by July 1989. St. John the Baptist School developed plans, as required, which have been continually updated. The plans have several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six (6) months to assure that they remain in good condition

Vacation: The school calendar outlines all extended breaks and long weekends. Parents should give serious consideration before taking vacations during other times. If extended vacations are planned, teachers should receive written notice in writing for the period the student will be out of school. Since the majority of student learning occurs within the classroom please be aware that it may be difficult to generate assignments for students to use while on vacation. Teachers are not required to prepare work ahead of time or to provide make-up tests. Missed assignments and missed tests may be made up no later than one week upon the student's return date.

Extra Curricular Activities: Students may not participate in after school activities, including sporting events, on days they are absent.

Allergy Policy:

St. John the Baptist school recognizes that an allergy is an important condition affecting many school children and positively welcomes all students with allergies. We encourage children with allergies to achieve their potential in all aspects of school life by having a clear policy that is understood by all members of the school community. Teachers and new staff will be made aware of allergies in their classroom and will be versed in school policy and protocols regarding allergies. At the beginning of each school year we ask that medical information be updated to include new allergies or changes in existing allergy protocols. If there are changes occurring during the school year the office must be notified immediately.

1. Asthma Medication – Immediate access to inhalers is vital. It is encouraged that all students that have inhalers have an inhaler in the school office. All inhalers must be prescribed and include the student's name and dosage instructions.
2. The School Environment – The school does all it can to ensure that the school environment is favorable to children with asthma and allergies.
3. Food Allergy Policy – St. John the Baptist School recognizes that life threatening food allergies are an important condition affecting many school children and positively welcomes all students with food allergies. In order to minimize the incident of a life threatening allergic reaction, the school will maintain system-wide procedures for addressing life threatening allergic

reactions and maintain an Emergency Action Plan for any student whose parents/guardians and physicians have informed the school in writing that a student has a potentially life threatening allergy.

4. Classrooms – Teachers will be familiar with the Emergency Action Plan for students in their classes and will respond to emergencies per the emergency protocol document in the plan. Information will be kept about the students’ food allergies in the classroom and in the substitute folders, as well as, in the school office. A parent/guardian is responsible for providing food for his/her own child. Snacks that are to be shared with the entire class should meet allergy requirements of the class. If necessary, separate snacks may be used during whole class food events.

Birthday Observances:

Students in PreK through 8th Grade are encouraged to celebrate their birthday with the school community. Please refer to individual classroom policies regarding birthday celebrations and comply with all outlined policies and procedures regarding treats and food items. Due to the high instances of food allergies, non food items are always encouraged.

Blue Family Folder (BFF):

In order to ensure that all communication from school reaches home in a timely manner, St. John the Baptist School sends out a weekly email that we call the “ Blue Family Folder.”. Official correspondences are sent home in this email along with any forms, event flyers, and news, and school flyers. It is expected that each school family read through this correspondence. If you are unable to receive communication via email, please contact the school office and a printed copy of this communication will be sent home with your child. Official school wide communication will also be sent home using the School Reach Messenger system (Phone, text, email options)

Buckley Amendment/ Family Education Rights and Privacy Act:

St. John the Baptist School adheres to the Buckley Amendment, or Family Education Rights and Privacy Act (FERPA) in regard to the privacy of student records and the rights of non custodial parents. It is the responsibility of the parents to share any official custodial information decided through the courts. Official custodial agreements will be kept in a confidential file in the office of the principal. In the absence of any court documents, the school will view each parent as having full legal custody of his/her child. In the absence of a court order to the contrary, non-custodial parents have the right to receive records about their child’s academic progress or lack thereof.

The school reserves the right to charge a shipping and processing fee for extra records sent to multiple addresses.

Be advised that if a teacher is subpoenaed to testify in a child custody case, the parent will need to pay the cost of a substitute teacher and any other costs associated with the testimony (mileage, food, parking, etc.)

Bullying/Cyber bullying:

Catholic schools, including St. John the Baptist School, strive to provide a safe environment for all individuals. All students and employees are to be treated with dignity and respect. Bullying behavior is defined as repeated and systematic abuse and harassment of another person or group. A person is being bullied when he or she is exposed repeatedly and over time to negative actions by one or more persons. Situations may occur that, while not considered bullying, are still considered unacceptable behavior. Consequences for these actions are included in our discipline policies and actions.

Types of bullying include but are not limited to:

- Physical- intentional harm to another's body or property
- Emotional- intentional harm to another's emotional well- being
- Social- intentional harm to another's group acceptance
- Cyber- emotional or social bullying which occurs online or on electronic devices

Examples of bullying behavior may include but are not limited to: using derogatory nicknames, teasing, excluding certain people from a group, purposely destroying or damaging an individual's property, slurs, spreading demeaning stories, jokes and/or pictures.

Procedure for dealing with harassment/bullying of any student by another student

- Any students believing that they are being harassed/bullied should try to express their displeasure to the student harassing them or should tell a teacher or a trusted friend.
- If the harassment continues, the student should report the incident(s) to the appropriate school official immediately and/or should tell a parent or guardian who could contact the school official immediately.
- Upon receipt of the complaint, the school official will initiate an investigation of the complaint, including an individual meeting with both the student alleged to have been harassing/bullying and the student reporting the incident.
- The principal will report to the parents of both students the results of the investigation, however, due to confidentiality laws, the school cannot disclose any disciplinary action taken towards any child but their own.

Possible consequences may include, but are not limited to, the following:

- Student(s) being asked to stay at home pending an investigation.
- A meeting with parents and students involved to discuss the incident and set up a behavior modification program.
- Required counseling or similar recommendation.

- Possible isolation of student harassing/bullying from other students.
- Harassment/bullying can result in in-school suspension.
- If after initial investigation and consequences the situation still continues, possible consequences may include out of school suspension or in extreme cases, expulsion from school.

False Threats

Any student falsely reporting threatening behavior is subject to disciplinary action, which may include suspension and/or dismissal from school as well as the reporting of the false threat to the local authorities.

Cell Phones:

The use of cell phones are not permitted during the instructional day or during after school clubs. Students are to store devices in their locker in the “off” position. Cell phones that ring during the day or that are used during the day by students will be confiscated by staff and will need to be picked up by a parent/guardian from the school principal. Repeated offenses will result in the probation of these items in the school. Administration reserves the right to search the contents of any confiscated phone.

Cheating:

Cheating of any type will not be tolerated. Students who choose to cheat face a failing grade, detention, suspension, and /or expulsion. A student athlete or a student involved in extracurricular activities will be unable to participate in sports/extra-curricular competition.

Child Abuse/Mandated Reporter:

All staff and faculty of St. John the Baptist School are considered mandated reporters by New York State, and as such, are required by law to report a suspected case of child abuse/neglect to the state. Please be advised that excessive absences from school in grades 1st through 8th are considered educational neglect and must be reported to the state.

Conduct:

In accordance with the stated philosophy of the school, which emphasizes deep respect for human dignity and uniqueness of every individual, each student will be considerate of the rights of others in all actions. All students are expected to cooperate with the spirit and policies of the school which are designed to foster mature development and personal responsibility. This requires courtesy in all personal relationships, promptness in fulfilling obligations, concern for

the learning environment of the school, and many other factors of age and grade level appropriateness.

The Principal reserves the right to determine the appropriateness of an action and make the determination of appropriate consequences that may include detentions, suspension, and/or expulsion.

COVID -19 :

St. John the Baptist School is committed to the safety and welfare of our students. Guidelines and procedures related to COVID 19 are available on our school website. These guidelines and procedures supersede anything that is outlined in this handbook and will remain in effect until the CDC guidelines and NYSED deem them obsolete.

Counselor:

A certified counselor that is provided through Catholic Charities serves the needs of students through whole class lessons and individual consultations. Parents will receive a letter at the beginning of the school year that allows parents to opt out of these lessons. If individual counseling is recommended the counselor will contact parents directly to obtain parental permission. Students may see a counselor on an emergency basis if a crisis situation occurs.

Crisis Plan: St. John's School has implemented a "crisis plan" in case of a lockdown emergency. All teachers and staff are aware of the procedure to follow to keep your children safe.

Custodial Rights:

It is the responsibility of the parents to share official custodial information through the courts. Official custodial agreements will be kept in confidential files that are locked. In the absence of any court document, the school will view each parent as having full legal custody of his/her child. In the absence of a court order to the contrary, non-custodial parents have the right to receive records about their child's academic progress or lack thereof.

Discipline:

Detention

Detention may be issued for a breach of classroom and/or school rules. The day, date, and time of the detention are at the discretion of the Principal. Detention takes precedence over appointments, practices, lessons, tutoring, or sporting commitments.

Suspension

Students who are given an in-school suspension will be required to report to the office on the day of the suspension, and their activities will be monitored by the Principal. Students that receive an out-of-school suspension will not be allowed on school grounds during the time of their suspension. This includes any and all after school activities. Students must complete all class work during this time, and at the discretion of the Principal may be allowed to make up any quizzes and tests administered during their suspension.

Expulsion

Expulsion is an extremely serious matter. Students who pose a threat to themselves or to others may be expelled. Students who have been expelled will not be allowed to return to the school without prior permission from the Principal.

Drugs and Alcohol:

St. John the Baptist is a drug free campus. Alcohol, tobacco, and other illegal substances, including vaping products, are prohibited from the school campus. Students who possess drugs and/or alcohol at school or at any school function face suspension and/or expulsion.

Emergency Drills:

State law requires that the school routinely practice Fire Drill, Lockdown Drills, and Shelter in Place Drills. Teachers have been given instructions on how to manage students during each one of these drills. We practice routinely so that in the event of a real emergency faculty, staff, and students will be prepared and know how to react. While these drills are required, we stress that they are only practice and are necessary to insure the overall safety of our students.

Field Trips:

1. Field trips are designed to correlate with teaching units and to achieve curricular goals.
2. Field trips are a privilege and not a right.

3. There are no “traditional” field trips. Class participation in a particular field trip over consecutive years does not mean that this trip has become a school tradition.
4. All grades do not have the same number of field trips.
5. Field trips are permissible for all grades when advanced planning, location, and the experience ensure a successful learning opportunity.
6. Individual teachers, in consultation with Administration, reserve the right to restrict or deny student participation in any field trip due to, but not limited to, poor academic performance and/or poor conduct.
7. A written, official permission slip, signed by the parent/guardian, is required before a child will be permitted to attend a field trip activity. **Verbal permission cannot and will not be accepted.** Permission slips are due in the office 48 hours prior to the field trip date.
8. If your child fails to bring his/her permission slip home you may contact the office for one additional copy. Note: A fax does not take the place of an original signature.
9. A telephone call or an email will not be accepted in lieu of the proper field trip permission forms.
10. Parents may refuse to permit their child from participating in a field trip by stating so on the permission slip. Students that do not attend the field trip will remain at home and will be marked absent for the day.
11. All monies collected for the field trip are non-refundable.
12. Cell phones are not allowed on field trips.
13. Parents that are not “official” chaperones may not drive their car to a field trip destination with the plan of accompanying the class on the field trip.
14. Parents who chaperone a field trip must be Virtus compliant, may not bring preschool age siblings, and must refrain from using cell phones and other devices that distract from their ability to monitor children safely.

Grading:

Students in PreK - 2nd grade will be given a standards based report card. The following scale applies:

4- Exceeds Proficiency Standards

3-Meets Proficiency Standards

2-Meets Basic Standards

1-Below Standards

S - Satisfactory

N-Needs improvement

N/A - Not applicable or Not Assessed at this time

Students in 3rd -8th grade will receive a numeric report card that represents grades as percentages. Any grade lower than a 70% is considered a failing grade.

In the event that our school must institute a remote learning policy, the necessary changes will be made to our grading policy to help accurately reflect student learning.

Home School Association (H.S.A): The purpose of H.S.A. is to offer an opportunity for parents and teachers to cooperate in their efforts to educate children according to Catholic principles; to correct and improve the neighborhood's environmental conditions which influence children's behavior; to lend assistance to the school whenever needed; and to support all activities which will achieve these purposes. By enrolling your child in St. John's School, you are automatically a member of St. John's Home School Association. St. John's H.S.A. consists of parents, teachers, administrators, and all others who have an interest in the betterment of St. John's school and Home School Association. H.S.A. is a fundraising organization whose sole purpose is to make St. John's School a better place for teachers and students.

Homework:

Formal home-study is assigned to help students become self-reliant and self-directed.

Assignments are designed to reinforce daily lessons, to supplement and enrich class work, and to prepare for certain examinations.

Since each student has different capabilities and interests, it would be difficult to denote the specific amount of time to be spent on an assignment. A good range would be approximately 10 minutes for each grade level (example: 10 minutes for 1st grade and 50 minutes for 5th grade).

If a problem arises while students are working on assignments, please contact the teacher directly.

Homework may be assigned Monday through Thursday. Homework will not be assigned over the weekend, with the exception of Regents classes.

Homework Policy due to Illness: When absent due to an illness, students must complete missing work. The student is responsible for getting assignments from their teacher. If a child is absent for more than three days, parents can request homework through the office when calling in the absence. **(Please make the request by 8:30am)** If a student is absent for one day they may get their assigned work upon their return to school the following day. The materials will be available by 2:30 p.m. Please do not ask to pick them up earlier as teachers need time to gather the materials needed.

Immunizations: No child will be admitted to school or allowed to attend without appropriate proof of immunization. Please note that NYS recently passed a vaccination law in 2019 that no longer allows our school to grant religious exemptions to immunization. Any family previously granted a religious exemption by our school must now meet the NYS requirements for immunization in order to attend our school in September. If you are in this situation, please contact the office immediately if you have any questions about which vaccines your child must have before entering school in September.

Library: The school has a well equipped library. Students are encouraged to use the library for curricular enrichment and pleasure reading. Borrowed books are expected to be returned on time and in good condition. Books damaged or lost must be paid for by the student before any other materials may be checked out.

Lockers: Students in grades 3rd-8th are issued a locker to store textbooks and clothing. In order to maintain a quiet atmosphere for class, students are allowed to go to their lockers only at specific times. Lockers may not be decorated inside or out. Student schedules and pencil holders facilitate learning and may be posted on the interior of a student's locker door.

Any items left in the school building or on the school grounds should be given to the school receptionist to be placed in the Lost and Left basket. Students who lose a library book, textbook, or workbook must pay the replacement cost of the book plus shipping in order to receive a new copy.

Parents Role in Education: We, at St. John's School, consider it a privilege to work with parents in the education of children because we believe parents are the primary educators of their children. Therefore, it is your right and your duty to become the primary role models for the

development of your child's life- physically, mentally, spiritually, emotionally, and psychologically. Your choice of St. John's School involves a commitment and exhibits a concern for helping your child recognize God as the greatest good in his/her life.

Good example is the strongest teacher. Your personal relationship with God, with each other, and with the Church community will affect the way your child relates to God and others. Ideals taught in school are not well rooted in the child unless these are nurtured by the example of good Catholic/Christian morality and by an honest personal relationship with God in your family life.

During these formative years, (Pre-K to 8), your child needs constant support from both parents and faculty in order to develop his/her moral, intellectual, social, cultural, and physical endowment. Neither teachers nor parents can afford to doubt the sincerity of the efforts of their educational partner in the quest of challenging, yet nourishing, the student to reach his/her potential. It is vital that both parents and teachers remember that allowing oneself to be caught between the student and the other partner will never have positive results. **To divide authority between school and home or within the home will only teach disrespect of all authority.** If there is an incident at school, you as parents must make an investigation of the complete story your first step. Evidence of mutual respect between parents and teachers will model good mature behavior and relationships. Talking negatively about a child's teacher at home will only create an attitude of distrust toward the teacher, the school, and the parent.

Students are naturally eager to grow and learn. However, sometimes in the process of maturation new interests may cause them to lose focus. As this natural process occurs, the student needs both understanding and discipline. At times your child may perceive discipline as restrictive. However, it is boundaries and limits which provide a young person with both guidance and security.

It is essential that a child take responsibility for grades he/she has earned and be accountable for homework, long-term assignments, major tests, service projects, and all other assignments. Parents are encouraged to let their child experience a logical consequence for an inappropriate action or behavior. This responsibility also extends to times of absence. Together, let us begin this year with a commitment to partnership as we support one another in helping your child to become the best person he/she is capable of becoming.

Parties/Celebrations: Room parents will work together with the classroom teacher to establish and plan classroom parties each year. Our main focus throughout the school year is on academic success. Classroom teachers will make every effort to schedule parties/celebrations with the least amount of impact to student learning. We ask parents to be respectful of the scheduled times, and speak with teachers directly before coming to join the classroom.

Promotion Policy/Retention/Transfer: Advancement to the next grade at St. John's is based on a student's daily performance, test results, recommendation of teachers, and the student's ability to complete work successfully on a more advanced level.

Promotion to the next grade level depends on successful completion of all subject areas. The administration may recommend the repetition of a grade, tutoring, or summer school classes as a requirement for promotion when, after conferences with teachers and parents, it is believed that such action will better prepare the student academically or emotionally for the next grade.

Report Cards/Progress Reports:

St. John the Baptist School runs on quarters. Report cards will be sent home every 10 weeks to students in 1st to 8th grade and every 20 weeks to PreK and Kindergarten students. 5 week progress reports are sent home on an as needed basis.

Sacramental Program: The sacramental life of the children of the Catholic tradition is an important component of the religious program at St. John's School. Preparation for two sacraments, Reconciliation and Eucharist, form the core of instruction in Grade 2 and Grade 3. In accord with the diocesan guidelines, candidates for First Eucharist will receive the sacrament of Reconciliation prior to First Eucharist.

Parents are required to be active partners in the preparation of their children for these sacraments. The sacraments of Reconciliation and Eucharist are only conferred to students baptized in the Roman Catholic tradition.

School Hours: Students in PreK-4-8th grade need to arrive no later than 7:50am. Our day begins promptly at 8am. Students in PreK-3 are to arrive at 9am.

Students in PreK-4-8th grade will be dismissed at 2pm. We dismiss all bus students first and then will send out students that are being picked up last. Students in PreK-3 are dismissed at 12pm and will be brought out to parents through the side doors on Sandridge.

Students making such threats (**seriously or in jest or online**) face detention, suspension, and/or expulsion.

There are many opportunities throughout the year to participate in service events and you may contact our 8th grade teacher with specific questions. Our Middle School has an active Service Club that meets on a monthly basis to help develop ongoing service projects that are in alignment with Christian values.

Sexual Harassment: It is the policy of Catholic schools in the Diocese of Buffalo that all students have the right to be free from all forms of discrimination, including sexual harassment, in the school environment. Sexual harassment may take different forms. The following acts, although not automatically sexual harassment, may constitute sexual harassment under certain circumstances:

1. Verbal- sexual innuendos, jokes of a sexual nature, and sexually degrading language to describe an individual.
2. Nonverbal- displaying sexually suggestive objects or pictures, leering and making obscene gestures.
3. Physical- unwanted physical contact or touching, brushing up against the body and any other type of coerced sexual activity.

Any student who believes he/she has been the subject of sexual harassment should report the alleged act immediately to the administration. The administrator will thoroughly and immediately investigate all claims of sexual harassment. If the investigation reveals that the complaint is valid, prompt attention and disciplinary action to stop the harassment and to prevent its recurrence will be taken. The disciplinary action taken with respect to each violation to this policy will be determined in accordance with the seriousness of the particular offense and may range from written warnings, parent/guardian conference, mandatory counseling, suspension,

dismissal or a combination of actions. The school administrator will advise the complaining party that corrective action has been taken.

The school will take reasonable measures to protect the confidentiality of the student who files a complaint, to encourage the reportings of any incidents of sexual harassment, and to protect the reputation of any student wrongfully charged with sexual harassment.

Smoking: Smoking of any type is not allowed on campus. This includes the use of e-cigarettes or vapors.

Student Directory: Each family may receive a Student Directory listing students' and parents' names, addresses, home telephone numbers, and email addresses. Parents may choose to exclude any personal contact information from the Student Directory.

The Student Directory should be used to acquaint parents with the names of their children(s) classmates and parents. These directories should **not be used or sold** for other purposes.

Student Records: Records of students transferring to other schools will only be sent through the US Mail. No records will be given to parents to transport to the new school.

Students requesting records/transcripts/recommendations must make a five school-day request to the School Office. All forms should be submitted to St. John's School Office for distribution.

Completed forms will be sent via the US Mail. Special handling will require that all postal fees be paid by the parents. **No records will be sent to transferring schools of students whose financial commitment is in arrears.**

Technology:

Students in grades 1st -8th are assigned a chrome book to use throughout the school year. Prior to receiving this chrome book students and parents/guardians are asked to sign an "Acceptable Use Policy". Students in violation of this policy will risk the loss of their chrome book and/or use of school internet and computers.

Testing:

Assessments are a necessary part of good instruction as they provide feedback on student mastery of skills. Each classroom teacher will determine the grade appropriateness of quizzes, projects, and assessments as they relate to the specific grade level and content. Students will be notified of these assessments prior to administration.

St. John the Baptist participates in the following State Testing:

Grades 3-8: English Language Arts and Math

Grades 5 & 8: Science

Students that live within a 15 mile radius of St. John the Baptist school are eligible for busing. Parents/Guardians must request, in writing, to the district by April 1st of the preceding school year. Requests received after this date may be denied. Parents/Guardians are responsible to know the non busing dates for their district, and are then responsible to transport their child to and from school on these dates. St. John the Baptist School will not make notifications on non busing days

Transfer of Students: Notice of withdrawal of a student should be made by the parent in writing to the principal in advance of the withdrawal date.
